CONNECTING SCIENCE™

# Welcome

Dear Colleagues

---

This course will address the critical area of soft-tissue architecture. It is designed to provide clinicians with the knowledge, skill sets and confidence to perform soft-tissue augmentation.

The course is designed for clinicians with foundational implant experience who desire to improve their knowledge and surgical skill sets in soft-tissue grafting for implant dentistry. The main focus will be the optimized soft-tissue architecture for implant site development and the surgical implant placement in the critical area.

At the beginning of the course, the entire spectrum of our basic and advanced microsurgical concept will be presented including soft-tissue reconstruction and related periodontal plastic surgical procedure. A dedicated section of this course will address dental implants in the esthetic zone. Application of hands-on on pig jaws and live surgical demonstrations of soft-tissue procedures for implant dentistry will be featured.

We are very much looking forward to welcoming you in Tegernsee.

*Prof. Dr. med. dent.*

*Markus Hürzeler, Munich, Germany*

---

*Dr. med. dent.*

*Otto Zuhr, Munich, Germany*

---

## Course title

Excellence in  
Implantology 2009

---

**CONNECTING SCIENCE:**  
Contemporary  
soft-tissue grafting for  
predictable esthetic  
implant reconstruction

---

# Course objectives

At the completion of this course, attendees will be able to:

- Implement soft-tissue diagnosis and treatment sequencing for implant procedures
- Describe the anatomy, biology and wound healing of periimplant tissues
- Clinically evaluate soft-tissue as a part of comprehensive implant treatment planning
- Optimally sequence soft-tissue procedures for successful implant surgery and bone grafting
- Understand, describe and utilize the appropriate surgical and prosthetic principles for comprehensive site development in the esthetic zone
- Understand the risk of utilizing the protocol of immediate provisionalization
- Describe the guidelines, indications and surgical protocols of the following:
  - Gingival grafts and connective tissue grafts
  - Development of optimal periimplant soft-tissue architecture

# Course program

Friday,  
November 13, 2009

---

8.30–9.00	Welcome and registration <i>M. Hürzeler</i>
9.00–9.30	The microsurgical concept <i>O. Zuhr</i>
9.30–11.00	The microsurgical concept: Soft-tissue reconstruction and related periodontal plastic surgical procedures <i>O. Zuhr</i>
11.00–11.30	Break
11.30–13.00	Implants in the esthetic zone: Controversy and common sense <i>M. Hürzeler</i>
13.00–14.00	Lunch
14.00–15.00	Live-surgery: Implant placement in the esthetic zone <i>M. Hürzeler</i>
15.00–15.30	Break
15.30–18.00	Hands-on using pig jaw: Periodontal plastic surgical procedures using the microsurgical concept <i>M. Hürzeler and O. Zuhr</i>
18.00	End of the first day
19.00–	Traditional Bavarian evening at the Hafner Alm

---

# Saturday, November 14, 2009

---

8.30–11.00	Implants in the esthetic zone: Ideas, developments and new concepts <i>M. Hürzeler and O. Zuhr</i>
11.00–11.30	Break
11.30–12.30	Live-surgery: Uncovering of implants in the esthetic zone <i>M. Hürzeler</i>
12.30–13.30	Lunch
13.30–14.30	Multiple implants in the esthetic zone – Learning together and from each other; a new concept to approach this complex topic: Group work <i>M. Hürzeler and O. Zuhr</i>
14.30–16.00	Multiple implants in the esthetic zone – Learning together and from each other; a new concept to approach this complex topic: Moderation of the group work <i>M. Hürzeler and O. Zuhr</i>
16.00–16.30	Break
16.30–17.30	Case presentation <i>M. Hürzeler and O. Zuhr</i>
17.45	End of the course

---

## Speakers

### Prof. Dr. med. dent. Markus Hürzeler Munich, Germany

---

Graduated 1984 in Zurich and received the degree of Dr. in 1986 at the University of Zurich; received his certificate as Specialist in Periodontics in 1993 (Swiss Society of Periodontology), the Docent (Associate Professor) degree in 1996 from the Department of Prosthodontics, Albert-Ludwigs University, Freiburg, Germany, and his certificate in Prosthodontics in 1997 (German Society of Prosthodontics). He is currently practicing periodontics, and implant dentistry in Munich, Germany, and is Clinical Associate Professor at the Albert-Ludwigs University of Freiburg, Department of Operative Dentistry and Periodontology, and Clinical Assistant Professor at the University of Texas, Houston, Dental Branch, Department of Stomatology.

Dr. Hürzeler has produced more than 100 scientific publications within the field of implants, periodontology, and tissue regeneration and is a regular national and international lecturer. His special research interests are in immediate loading of implants, tissue regeneration with grow factors, and therapy of peri-implant lesions.

# Dr. med. dent. Otto Zuhr Munich, Germany

---

Dr. Otto Zuhr studied dentistry at the University of Aachen from 1986 until 1992. In 1992 he received his DMD from the Department of Oral and Maxillofacial Surgery in Aachen and started to work as a dentist in Munich.

Several educational programs led him to Switzerland, Scandinavia and USA during the following years. From 1999 to 2008 he worked together with Drs. Bolz, Wachtel, and Hürzeler and became an associate member in the Institute of Periodontology and Implantology (IPI) in Munich.

In 2009 he founded a new clinic together with Marc Hürzeler. Otto Zuhr has written several articles in the field of periodontology and esthetic dentistry and is lecturing nationally and internationally.

In 2001 he received his Specialist in Periodontology of the German Society of Periodontology (DGP). Since 2007 he has been a board member of the German Society of Periodontology.

# Course fee

## Participation fee

EUR 1,725.– incl. 19% VAT.

---

Including: 1 live surgery per day and hands-on sessions.

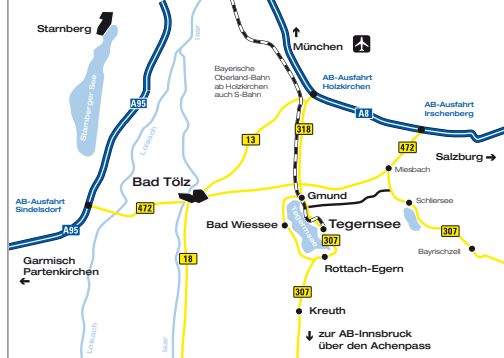

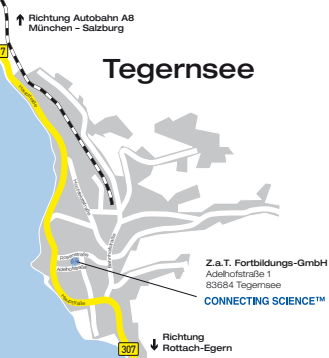

Lunch, coffee breaks and special Bavarian evening on Friday.

# Course level

This course is classified as an advanced course.

# Credit hours

This course is approved by EDA and DGAZ. Eighteen continuing education credit points and/or hours will be confirmed according to DGZMK and BZÄK. Continuing education credit points and/or hours for international participants will be confirmed according to local requirements.

## Course venue

### Beautiful Tegernsee

The course will take place at the Z.a.T. Fortbildungs GmbH at Tegernsee. This beautiful location offers the greatest diversity of fantastic gourmet pleasures in all of Bavaria.

Here at Tegernsee you will be enticed by the many dining options in your immediate vicinity, including Bavarian, Italian, Asian and other international cuisine. On top of the educational program, there are numerous ways to make your visit to Tegernsee an unforgettable experience from a day of sauna, beauty and wellness treatments, to hot-air ballooning or quad biking, or to a torch hike, the variety is all yours.

**More information available at <http://en.tegernsee.com>**

### How to reach the venue

Arrive at Munich airport where taxis, rental cars or trains are available. It will take you around 45 minutes by car or about 90 minutes on the relaxing and proverbially punctual trains to get to Tegernsee. The course organizer will assist you in transportation (see registration form on page 13).

The course takes place at the Z.a.T. Fortbildungs GmbH, Adelhofstraße 1, 83684 Tegernsee, tel.: +49(0)8022-706556, fax: +49(0)8022-706558, info@z-a-t.de, www.z-a-t.de

# Hotels

We can provide you the following selection of hotel accommodation all at special course rates:

## **Hotel Bayern**

Superior ★ ★ ★ ★ hotel

Price per room from € 125.-

[www.hotel-bayern.de](http://www.hotel-bayern.de)

---

## **Hotel Luitpold**

★ ★ ★ ★ hotel

Price per room from € 115.-

---

## **Hotel Fackler**

Superior ★ ★ ★ hotel

Price per room from € 59.-

[www.hotel-fackler.de](http://www.hotel-fackler.de)

---

See registration form page 13.

## Social program

Friday, November 13,  
2009. A Bavarian evening  
at the Hafner Alm.

---

The Hafner Alm was built by the régisseur Norman Dix in 1935. This little restaurant on a mountain pasture (“Alm”) was operated as a one-floor coffee shop – cafe DIX. In 2000 the family Hafner took over and after some changes and renewals, they opened the Hafner Alm in 2001. Enjoy with us a quaint, traditional evening in the wonderful natural atmosphere of an “Alm”.

[www.hafner-alm.de](http://www.hafner-alm.de)

---

# General terms of business

After receipt of your registration and the account – only check or direct debiting order – we will send you a registration confirmation along with route description to the location of the event. In case of a cancellation up to 8 weeks before the event takes place, a processing fee of EUR 80.- will be charged. For withdrawals after that date, no reimbursement can be made. It is possible, however, to nominate a substitute. Fees on international bank transfers and checks must be paid by the participant. The participants will be registered in chronological order, i.e. after receipt of registration forms and payment. Program changes may take place. The instruments and materials for the hands-on courses will be provided to the greatest degree possible. Hands-on material may not be guaranteed to each individual participant. Live surgeries demos will be made available. If the event should be cancelled due to unforeseen reasons, the entire participation fee will be reimbursed. In that case, the organizing party cannot be held liable for incurred travel costs and expenses.

Competence lies with German courts. Place of jurisdiction within Germany is Miesbach.

Z.a.T. Fortbildungs GmbH recognizes the directives and recommendations of the German Dental Association with regard to further training for dentists and takes these into consideration in their further training events.

## Organization

---

This course has been organized in cooperation with Z.a.T. Fortbildungs GmbH, Dr. Siegfried Marquardt, Germany.

# Registration

Please complete this form and send it by fax or e-mail to the following address:  
Z.a.T. Fortbildungs GmbH, fax: +49(0)8022-706558, info@z-a-t.de.

Written applications by fax/e-mail form are deemed binding and must be filed at the latest by **September 30, 2009**. Consideration is given to applications in the order in which they are received. **Attendance is limited to 25 participants.**

**I would like to make a binding registration for the course:**  
Contemporary soft-tissue grafting for predictable esthetic implant reconstruction.  
Tegernsee, November 13-14, 2009. Participation fee EUR 1,725.- incl. 19% VAT.
